

H 7 / 12 mm

38 mm

A technical drawing of a stepped profile. The profile starts at a height of 7 mm on the left, remains horizontal for a short distance, then slopes downward to a height of 12 mm. It remains horizontal at 12 mm for a short distance, then slopes downward to a height of 38 mm. Finally, it remains horizontal at 38 mm for a short distance before ending. The total horizontal length of the profile is 38 mm. The vertical dimension is labeled H 7 / 12 mm, indicating a height of 7 mm for the first section and 12 mm for the second section. The horizontal dimension is labeled 38 mm, indicating the total length of the profile.
